Adapter for two pavement slabs

Equipped with four suction cups, it can lift both new and old slabs, including broken or damaged ones. The suction cups are mounted with free movement, allowing the system to grip slabs that are misaligned, uneven, or angled.

The adapter plates are compatible with all versions of the hydraulic tile lifter and can be mounted without the use of tools.

Specifications	
Item No.	3405
Number of suction cups	4
Suction cup size (mm)	170x430
Rubber gasket thickness (mm)	40
Lifting capacity per suction cup (kg)	122
Total weight (kg)	33

- ✓ No tools required
- ✓ Stable and secure lifting
- ✓ Simple and efficient operation
- ✓ CE approved.
