Block Lifter

The block lifter is designed for handling heavy stones such as foundation blocks and lightweight concrete blocks. The clamp is adjustable from 29 to 50 cm, and the weight balance can be set to lift up to 12 kg of the block's weight. The block lifter mounts tool-free and consists of three detachable components.

Specifications	
ItemNo.	7000
Lifting capacity (kg)	50
Reach (mm)	3000
Height to bottom of rail (mm)	2200
Total weight (kg)	75

- ✓ Clamp adjustable from 29 to 50 cm
- ✓ Adjustable weight balance
- ✓ Simple and efficient operation
- ✓ CE approved
