Everything in Small Cranes and Vacuum Lifters

Slope System

The system is developed to facilitate roofing felt installation on pitched roofs. It improves both working conditions and efficiency during roofing operations. The system consists of a ridge-mounted rail and modular components. The specially designed modular ladder and ridge adapter create a safe and efficient working platform.

Specifications	
ItemNo.	8000
Maximum roof pitch (°)	90
Ridge rail lenght (mm)	3000
Felt width (mm)	600-100
Total weight (kg)	20

- ✓ Minimises heavy lifting
- ✓ Rail serves both roof surfaces
- ✓ Simple and efficient operation
- ✓ CE approved
